Features of the Company

Highly skilled marketing and PR translation

- Translators and reviewers work as one team centered on experienced project managers with many years of experience working on translation of PR and marketing materials from major Japanese PR firms and foreign PR firms to provide the skills for maintaining a certain level of quality even when **quick turnaround** is required.

Handling of a wide range of areas

- Although our is in IT-related translation, we are able to handle a wide range of other areas including medical, financial, mechanical, legal and automotive translation.

Support for machine translation post-editing

- We also perform “machine translation post-editing” in translation of large documents. It is possible to reduce the time and cost required compared to 100% human translation depending on the targeted quality level and the material.

Support for on-site interpreting

- Seminars
- Internal meetings
- Negotiations and exhibitions
